Jill,

Nice job. Comments attached.

Had another idea. Instead of providing a short description of the studies could you list 3-4 questions that you would want people to address.

More I thought about it and started to write questions the less it seems like a good idea, but wanted to pass it by you anyway.

For example

Deliberative Process / Ex. 5

Studies

Reum: Did not summarize in main paper but it was in citations.

Feely 2016 (new study that just came out and not cited in paper)

I am **Personal Privacy / Ex. 6** if you want to talk.

Thanks again. Getting close.
